

Handball thriller: Match Day 3

The third CL weekend of the season will answer some important questions. We are in for a round of classic handball battles.

According to the new CL Regulations, the teams in the group phase do not only fight for the first two positions, but also for the points that they carry to the Main Round. This special rule may have great importance, for example, when FC Barcelona will host THW Kiel in Group C.

Last time Barcelona hosted Kiel was the semi-final of the past season. That was a game to remember: the Catalanians won, the Germans qualified... You can watch the Handball Classic on ehfTV.com.

Another thriller on ehfTV.com will be Szeged vs Zagreb. Group H brings the most intense fight for the Main Round places and it will be crucially important on Saturday for both top clubs to take the two points.

4 match days, 8 groups, 16 games, 35 TV broadcasts and also 3 internet live streams – don't miss the Champions League action starting today.
